Timber! IS THE OFFICIAL NEWSLETTER OF TOLLESON LUMBER COMPANY

WELCOME MIKE KUSAR

Join us in welcoming Mike Kusar who joined our Pine Sales Team last October. Mike came to us from a logistics firm in the mid-west that specializes in lumber. His love of adventure (ask him to share his stories) and his hunting/fishing expertise have made him

a popular host when entertaining our customers. Give Mike a call and introduce yourself. You'll be glad you did. There's no telling what kind of deal you'll get from a rookie.

PRESTON SAWMILL EXPANSION

Tolleson Lumber Company would like to announce the addition of a second shift at our Preston, GA sawmill. The mill will operate both shifts five days a week. The mill's production should nearly double from 120 million board feet a year to 240 million board feet, making it one of the highest producing mills east of the Mississippi River.

We would like to welcome the approximately 85 new employees to Tolleson Lumber Company that will be taking over the second shift it ramped up on March 28th. We have taken many steps to help with this added production. Some of the work that we have been doing includes:

Around the facility...installed new crane for unloading log trucks

- installed 2 new truck scales and a new scale house/guard shack for ease of truck flow
- installed 2 new 150'x200' lumber sheds to ensure dry storage of lumber and to facilitate loading of trucks in inclement weather.
- in process of paving much of the yard and shipping area

Drying capacity increased with 2 additional kilns.... one new Hurst "direct fire" kiln came on line 3 weeks ago

- the 2nd kiln will come on line in approximately 2 weeks.

In the planer mill... installed new Newnes board dealer

- in process of installing a new LHG (linear high speed grader)

In the sawmill...installed new PSI cut up saw

- installed new Newnes board dealer

Shipping....shipping hours in Preston will be extended starting on Monday April 11th. The Preston loading hours will be 7:00 AM to 8:PM Mon-Thu and 7:00 AM to 5:00 PM on Fri.

TOLLESON TAKING DELIVERY OF 87 RAIL CARS

With the combination of the Preston Sawmill expansion and Perry Sawmill production Tolleson Lumber Company will produce over 370 million board feet annually. To assure prompt deliveries from our mills we have begun taking delivery of 87 center beams exclusively for our private use. We have also expanded our dedicated truck fleet bringing the total to 17 tractors.
