IT WILL SOON BE MOLD SEASON AGAIN

Ah, the signs of spring! Azaleas and Dogwoods in bloom; pollen coating cars; and moldy wood! This is a reminder that conditions are right for the growth of mold and mildew. Tolleson Lumber makes every effort to insure that your order leaves our mill free of mold. All of our lumber (even low grade) is stored under sheds, and we require that any lumber that we ship be tarped before leaving the yard. For lumber that is shipped by rail, we can paper wrap the entire load for \$10/mbf, or top tier wrap for \$2/mbf. Protect your investment: WRAP IT.
